MAP FOUNDATION SERIES

APPLYING REPORTS

Saturday, February 25, 2017
8.30 a.m. to 3.30 p.m.

WORKSHOP DETAILS

Applying Reports (February 25, 2017)

Participants learn to access, interpret, and apply Measures of Academic Progress® (MAP®) data and resources to inform instruction. This workshop content is intended for staff members who will be applying MAP data from teacher reports or supporting other staff members in this work. For the greatest impact we recommend that all participants are classroom teachers. In the near future there will be notification of courses more suitable for instructional coaches, data teams, assessment coordinators and school leadership teams.

This workshop is ideal for classroom teachers looking to gain expertise in using MAP to build a data-informed classroom and increase their ability to understand and interpret MAP data to inform instruction. Teachers will learn to use attainment reports to understand the strengths and areas for improvement of their classes and their individual students, as well as the growth reports for goal setting and parent conversations. Participants will use NWEA's Learning Continuum to learn how to differentiate instruction and to set realistic goals with students for continuous improvement.

Questions: Please contact Randa Abdulkhaer via email
Rabdulkader@aisa.sch.ae
